WHY IT'S DIFFERENT

Straight from Hendrick's Cabinet of Curiosities comes a new limited edition of the iconic gin.
Perfect for all occasions, Hendrick's Flora Adora is driven by an intriguing floral aroma with a fresh character of Hendrick's signature botanicals. The base of juniper and coriander is enriched with lush and wonderfully sweet floral elements. It is handcrafted at Hendrick's Gin Palace along the rugged Ayrshire coast in southwest Scotland. Here Master Distiller Lesley Gracie, finding the pollination process taking place in her garden extremely fascinating, decided to use her beloved flowers as inspiration to create this latest version.

HOW DO I DRINK IT?

It is suggested to serve it in a highball glass with tonic water and 3 cucumber slices.
