## MOSKOVSKAYA GREEN

MOSKOVSKAYA | LATVIA

**70 cl / 38°**

**Category:** Vodka

**Raw material:** Miscela di Grano e Segale

**Fermentation:** Selected yeasts

**Production method:** Multicolumn distillation

**Box:** No

### WHY IT'S DIFFERENT

The unmistakable vodka with the green label becomes even greener, with an edition packaged in recycled glass bottles.

For every bottle sold, Moskovskaya will buy a plot of Latvian forest to help preserve this green lung.

### HOW DO I DRINK IT?

Moskovskaya Pink è perfetta per punch freschi ed estivi, che la rendono protagonista insieme a frutta fresca e succhi. Ottima nella versione Pink del Moscow Mule.
